How to select weekend days 1

How to select weekend days

Most countries are using Saturday and Sunday as a weekend, but some countries use different weekend schemes.

From BioStar 2.7.0, you can select weekend days manually one or two days.

← ADD SCHEDULE TEMPLATE

• Name

• Description

• Type Weekly Daily

• Weekend days

* Please select one or consecutive two days.

Please select one or consecutive two days

MON	0	3	6	9	12	15	18	21	24
TUE	0	3	6	9	12	15	18	21	24
