The screenshot shows the 'Audit Trail' interface. On the left sidebar, the 'Last 3 Months' filter is selected and highlighted with a red box. The main area features a 'Filter' section with four dropdown menus: 'Datetime' (set to '2017/06/28 00:00 - 2017/09/28 23:59'), 'User' (set to 'None'), 'Operator Level' (set to 'None'), and 'IP' (set to 'None'). Below the filters is a table with the following data:

Datetime	User	Operator Level	IP
2017/09/28 11:40:51	Ethan(1111)	Administrator(1)	192.168.14.16
2017/09/28 11:22:27	hailey(123)	Administrator(1)	192.168.14.216
2017/09/28 07:38:38	Ethan(1111)	Administrator(1)	192.168.11.85
2017/09/28 07:38:35	Ethan(1111)	Administrator(1)	192.168.11.85
2017/09/28 07:38:30	Ethan(1111)	Administrator(1)	192.168.11.85

(Datetime)

This screenshot is similar to the previous one, but the 'Datetime' dropdown menu in the filter section is highlighted with a red box. The table data remains the same as in the previous screenshot.
