Fixed Constraint That Wiegand Card ID Cannot Start with 0

Affect Products & Versions	
BioStar 2	BioStar v2.8.16 or above

In BioStar 1, customers could register Wiegand cards with Facility Code 0. However, these Wiegand cards could not be registered in the previous versions of BioStar 2. Suprema has improved the function to register Wiegand cards with Facility Code 0 starting from BioStar 2.8.16 for the convenience of customers.

- Please notice that this improvement does NOT refer to the following cases.

Case 1 - Facility Code is 0XXXX

Enroll Card ✕

- **Card Type**   Wiegand ▾
- **Card Data Format**   26 bit SIA Standard-H10301 ▾
- **Registration Option**   Enter Manually ▾

Information

Card ID cannot start with zero.

- **Facility Code**   01
- **Card ID 1**

Enroll   Cancel

Case 2 - Card ID is 0XXXX
