MONITORING	ALARM	MOBILE SMART CA						

1. Go to **USER** and check the current user status and tap + on the top.

2. Tap > in the User ID row and enter four digit numbers or higher. Only the user ID is a mandatory input data for new user creation. And tap **Name** and enter names, and choose BioStar Operator level according to his or her role. Once you save new user, you can then see the information message to add credentials.
